WSTIMS For Windows
Fix List

Status	Priority	Program Version	Component	Issue	Notes
Closed	M	5.0.0.9	Import Data OLR	Not handling event class attribute. This is working when importing registration template.	Was checking the import file for some incorrect attribute names. Corrected.
Closed	H	5.0.0.9	Slalom Entry	Allow a skier to have more than 1 score in round 1 for regionals and nationals	This is to support open skiers skiing in age groups not for placement for overall purposes
Closed	H	5.0.0.9	Trick Entry	Allow a skier to have more than 1 score in round 1 for regionals and nationals	This is to support open skiers skiing in age groups not for placement for overall purposes
Closed	H	5.0.0.9	Jump Entry	Allow a skier to have more than 1 score in round 1 for regionals and nationals	This is to support open skiers skiing in age groups not for placement for overall purposes
Closed	H	5.0.0.9	AWSA Records	Updated records for AWSA, IWWF, and NCWSA	Updated
