

WSTIMS For Windows

Fix List

| Status | Priority | Program Version | Component | Issue | Notes |
|--------|----------|-----------------|---------------------------|--|---|
| Closed | H | 5.0.1.8 | Jump Entry | Frequent crashes during entry. Appears to happen when jump results are changed after times have been entered | Issue was when times were entered and then the jump result was changed to Pass. This created an issue with the score calculation handling. Issue has been fixed |
| Closed | H | 5.0.1.8 | Officials Assignments | Entered first 3 letters of a name "Zie" then pressed enter and the program crashed. | Fixed search to handle when the search goes back end of available officials. Also fixed issue |
| Closed | L | 5.0.1.8 | Slalom Pass Detail Export | Change date fields to be 24hr time | Changed format to yyyy/mm/dd 24HH:mm:ss |
| Closed | H | 5.0.1.8 | Jump Entry | W4W crashes if I change the "Results" (Jump/Fall/Pass) after entering the times | |
| Closed | H | 5.0.1.8 | Officials Assignments | Multiple empty rows being added at end of official assignments added | Fixed handling to prevent new line from being added when a row is actually being updated. |
| Closed | L | 5.0.1.8 | Officials Assignments | Want ability to set the end time on an officials assignment | Added button to each row to set the end time to the current time. |
| Closed | L | 5.0.1.8 | Running Order | When running order is sent to Live Web old entries aren't being properly cleaned up. | Fixed handling to ensure out of date entries are properly cleaned |
| Closed | H | 5.0.1.8 | Trick Entry | B n/c, F n/c, B, F, B, F The second and third set are being identified as credit and scored. Third set of B, F should be recognized as repeat | |
