

WSTIMS For Windows
Fix List

Status	Priority	Program Version	Component	Issue	Notes
Closed	L	6.0.1.2	Team Summary	For collegiate tournaments the team detail only shows the skier detail for those that were used to calculate the team score.	All skiers will now show on the summary report but those after the top 4 will have a placement of ** to indicate their scores doesn't count for the team total
Closed	M	6.0.1.2	Tour List	Add trim to tournament name attribute to eliminate leading spaces	Added trim to tournament name when saving
Closed	L	6.0.1.2	Trick Calc	When 6 flips have been exceed the 6 highest point valued flips should be selected and others marked as repeats	Done
Closed	H	6.0.1.2	Official Work Assignment	<p>I'd like to make a request for the next update of WSTIMS. It's now mandatory in both AWSA and IWWF to have an official assigned to monitor End Course in record tournaments. The Event Judges can't watch that and also the skier. Could you add "End Course Official" to the options in the pull down?</p> <p>There have been some issues with boat path at some tournaments and there have been tournament reviews. Depending on which rulebook is applicable, it would be either a driver or a judge assigned as the official.</p> <p>Those who have been involved in any of the reviews would find it very helpful if there was a record of who was working that position, just like for the drivers and other officials.</p>	Added to the list of officials as "Event Judge End Course"
