Fix List

Status	Priority	Program Version	Component	Issue	Notes
Closed	L	6.0.1.6	Relabel ECWS to WaterSk	Done	
Closed	L	6.0.1.6	Tournament Registration A	Would like a way to retrieve entries from USA-WSWS and save them like the Registration Template allowed you to do	Created Export button on the TourRegAddMember window. This will save the result set for the search to a tab delimited text file. Therefore it would be possible to search for all members for a state and then save them to a file.
